- Nord Global AB is authorised to follow the instructions of the aforesaid Attorney in every respect concerning the undersigned Account holder's account with Nord Global AB, except that said Attorney is not authorised to withdraw funds either in the name of the Account holder, introducing broker or otherwise. The Attorney shall be legally authorised to represent the Account holder regarding any and all present and future dealings with Nord Global AB in particular with respect to all assets deposited in the Account holder's account(s) with Nord Global AB, and to give orders to Nord Global AB to buy and sell spot and forward foreign exchange for the account(s) of the Account holder. The Account holder releases Nord Global AB from any responsibility whatsoever for all acts or omissions on the part of the Attorney.
- The Attorney shall be authorised to accept, check and approve statements of account and other correspondence intended for the Account holder. Additionally the Account holder authorises the attorney to substitute himself by appointing a third party to act in his stead. The attorney must present Nord Global AB with a power of attorney appointing the third party.
- The attorney represents that he has all of the applicable required government approvals, licenses and permits in order to buy and sell spot and forward foreign exchange for the account(s) of the Account holder in his country.
- This Power of attorney shall remain valid towards Nord Global AB until revoked in writing by the Account holder. This Power of Attorney shall not expire upon the death, bankruptcy or the loss of legal capacity of the Account holder or the Attorney.
- Account holders signing this power of attorney should be aware that a difference between the exchange rate offered to the customer and that which Nord Global AB can obtain, may be accepted by the attorney as a premium.
- Nord Global AB will provide the Account holder with a confirmation of every trade made on his account(s) and a profit and loss statement showing the financial results of each transaction. In lieu of sending a trade confirmation and equity run via postal mail, Nord Global AB will provide the Account holder with access to his account via the internet using an online login. Since the Account holder has appointed an attorney, he will be unable to trade on his own account as long as the power of attorney remains in force.
- Because the risk associated with trading foreign exchange is high, only risk capital should be used when establishing and/or adding funds to the Account holder's account.
- The applicable law and jurisdiction shall be governed by the general conditions of the contract between NG and the account holder, which are known to and accepted by the Account holder. The terms of the General Conditions apply fully to this Agreement.
